

Reliability of Critical Infrastructure

February 5, 2023, 4-5pm

Meeting Room, Pohick Regional Library

Adults and teens

Basic infrastructure is critical to our modern existence. Have you paid any attention to it until it suddenly shut down and our lives and work interrupted? Join us to learn modern municipal support systems and effective maintenance of public assets via this intriguing free program.

The speaker, Saul Cizek, has decades of experience in infrastructure reliability. Saul has been a Supervisor of Reliability for D.C. Water, Maintenance Planner for Upper Occoquan Service Authority, and and U.S. Navy surface to air missile Petty Officer. Saul has spoken at numerous conferences, including Reliable Plant and International Maintenance Conference.
