No Cost Home Energy Upgrades

Reduce bills and save money!

— CHP Energy Solutions —

www.chpenergysolutions.org

These FREE programs use federal grants and utility sponsored funds to deliver no-cost energy efficiency services to income-qualifying households.

Services may include, but are not limited to:

- Home energy audit
- Health & safety check
- LED lightbulbs
- Attic, floor, and sidewall insulation
- Water tank and hot water pipe insulation
- Caulking, weather-stripping
- Duct sealing
- Tune-ups to heating & cooling systems

owner occupied, rental, townhomes, and mobile homes are all eligible

ELIGIBILITY

- Income limits vary by program
- Families of 4 qualify for some programs with household income up to \$79,600
- Households are automatically income eligible if they receive Supplemental Security Income, TANF - cash assistance for children, or Fuel/Energy Assistance

Priority given to households with elderly residents, individuals with disabilities, and children. Call today to find out if you qualify!
